

2023

Annual Reports

2023

State of Illinois
Chief Procurement Office for
Institutions of Higher Education

Executive Summary

The Chief Procurement Officer for Public Institutions of Higher Education (CPO-HE) works with the public institutions of higher education to meet their procurement needs free of undue influence through independent authority, oversight, and approval. The CPO-HE further works with the institutions to continually improve procurement policies and to establish best practices that recognize the specific needs of the institutions in relation to their role and importance to the State of Illinois.

Purpose of this Report

Public Act 100-0043 established a common reporting date of November 1st for annual reports on Cooperative Purchases, Exempt Procurements, and contracts to Small Businesses. Although not required to be reported, we have included a report on Emergency Purchases and an update to the previously filed Sole Source Procurement report to provide a more comprehensive report.

This set of annual reports is filed electronically with the General Assembly by email to reports@ilga.gov, with the Governor's Office by email to gov.reports@illinois.gov, and with the Illinois State Library. Additionally, a hard copy is filed with the Commission on Government Forecasting and Accountability. An electronic copy is also maintained on the "Publications and Reports" page of the Chief Procurement Office's website.

Background

The Chief Procurement Officer for Public Institutions of Higher Education (CPO) exercises independent procurement authority under the Illinois Procurement Code (30 ILCS 500) on behalf of the nine public universities and the Illinois Mathematics and Science Academy (IMSA). Any reference to "universities" hereafter refers to the nine public universities and IMSA.

The CPO exercises this authority through independent State Purchasing Officers (SPOs) who work directly with the universities to meet their needs. By means of their statutory authority and independence, the CPO and SPOs help ensure that procurements made by the State universities are conducted in the most transparent and fair manner, comply with applicable laws, and are free from improper influence. We also promote the use of best practices in procurement and work to streamline purchasing policies and procedures. The CPO and SPOs each have a fiduciary duty to the State, and we all work to maximize value and assure public trust in the procurement process.

Members of the Chief Procurement Office for Higher Education

During FY23, the office had eleven members, comprised of the CPO and a staff of ten. The staff consisted of, one Senior Policy Advisor/SPO, nine SPOs, and one Procurement Services Administrator.

The CPO and SPOs are required by statute to become certified and maintain certification under the Universal Public Purchasing Certification Council (UPPCC), or the Institute for Supply Management (ISM). Of the eleven members, ten held the UPPCC certification, Of those certified, ten held the “Certified Professional Public Buyer” (CPPB) designation, and two held both the CPPB and the “Certified Public Procurement Officer” (CPPO) designation. In addition, one staff member also held a “Certified Purchasing Manager” (CPM) certification from ISM. Two members also held the “NIGP Certified Procurement Professional” designation through the National Institute of Governmental Purchasing.

Transaction Processing

In FY23, the SPOs processed 2628 transactions totaling more than approximately \$4.7 billion, an average of 263 transactions per SPO. This included approximately: \$3.9 billion in competitive procurements, \$860 million in cooperative purchases (the vast majority were competitively procured), \$762 million in sole source procurements and \$27 million in emergency purchases. The universities also made approximately \$528 million (not included in the total amount above) in purchases which are exempt from the Procurement Code. Small purchases (those not exceeding \$100,000) are processed by the universities and are most often awarded after seeking a minimum of three quotes. Collecting this data is difficult because each of the universities have their own accounting system and way of collecting and storing the data.

Initiatives

We continuously strive to find ways to streamline the procurement process while maintaining integrity and transparency which are of critical importance. Over the past year, we have initiated a number of improvements to make procurement easier for both vendors and staff:

- The Higher Education portfolio continued to address the urgent procurement needs of the universities and IMSA.
- One member served on the Illinois Procurement Gateway (IPG) transition team. The transition team oversaw the procurement process and implementation of a new IPG platform. The IPG is an online vendor portal used for gathering business information from vendors who wish to conduct business with Illinois' State agencies and universities.
- We also successfully presented to over 168 vendors during our Annual Small Business Presentation.

- We met with the Illinois Hispanic Chamber of Commerce and made presentations to the American Council of Engineering Companies, Federation of Women Contractors, and Legislative Black Caucus.
- We worked on updating our solicitation documents, standardized forms, and JCAR rules.
- We continued meeting with the Commission on Equity and Inclusion on a regular basis since the Commission is a major stakeholder in our day-to-day business.

FY2023

Cooperative Purchasing Report

Cooperative Purchasing - Overview

The Governmental Joint Purchasing Act (30 ILCS 525) authorizes the Chief Procurement Officer (CPO) to allow the purchase of personal property, supplies, and services jointly with a governmental unit of this state or another state, with a consortium of governmental entities of one or more other states, or to make purchases from a group purchasing organization as a member or affiliate of that organization. Additionally, Section 25-15 of the Illinois Procurement Code provides that the CPO may establish by rule a process to make non-governmental joint purchases.

This report describes cooperative purchasing by the public state universities for Fiscal Year 2023 (July 1, 2022 – June 30, 2023). In FY23, the universities used ten different cooperative purchasing organizations with a total approximate spend of \$860,426,929.

When utilizing cooperative purchasing, Illinois joins other states and government entities to 1) identify their common purchasing needs; and 2) combine their procurement and subject matter experts to secure best-in-class contracts. Fewer state resources are used to procure these contracts and they usually result in better pricing and term due to leveraged buying power. The use of these cooperative contracts saves considerable staff time by making use of procurement activities already undertaken by others. The large volume of potential sales and spend with multiple jurisdictions can result in significant savings.

Every cooperative procurement request goes through a process of justification and review by the Chief Procurement Office prior to approval for use by the universities. Each university is responsible for their own contract execution and subsequent purchases from approved cooperative procurements. The process is designed to ensure that the cooperative award was conducted using open and fair competition and that the prices obtained are competitive in the market. This includes looking at use of businesses owned by minorities, women and persons with disabilities as subcontractors.

When the State of Illinois is party to a joint purchase agreement, the State may act as a lead state or as a participant state. When the State of Illinois is the lead state, all joint purchases must be conducted in accordance with the Illinois Procurement Code. When a cooperative procurement is conducted by the Illinois Public Higher Education Cooperative (IPHEC), it is done on behalf of and for use by all the institutions. All cooperative contracts must contain the provisions required by Illinois law and rule.

The tables below provide detail regarding these cooperative purchases as reported by the universities.

Cooperative Purchasing Statistical Summary – FY 2023

FY2023

Emergency Purchases Report

State of Illinois
Chief Procurement Office
For Public Institutions of Higher Education

Emergency Purchase Summary

This report of emergency purchases is not required by statute, but we provide it alongside the reports required by the General Assembly to present a more comprehensive description of procurement practices.

In Fiscal Year 2023 (July 1, 2022 – June 30, 2023), the universities submitted to the Chief Procurement Officer for Public Institutions of Higher Education (CPO) 40 emergency purchase transactions for publication in the Illinois Procurement Bulletin. The combined estimated value of all FY23 emergency purchase transactions was \$26,911,135.81. Of those 40 emergency contracts, 22 were finalized within FY23. The remaining 18 contracts, with an estimated value of \$20,473,042.00 should be completed in FY24. Therefore, final amounts for FY23 may be different than the reported estimates.

Background Information

The Illinois Procurement Code (30 ILCS 500/20-30) (Code) allows the universities to make emergency purchases without competitive sealed bidding or prior notice under certain specified conditions.

Most procurements conducted by the universities go through one of the competitive methods of source selection. However, the Code does allow purchases to be made without competitive sealed bidding or prior notice under certain circumstances:

- Public health or safety was threatened
- Immediate repairs were needed to prevent further loss or damage to university property
- To prevent or minimize serious disruption in critical state services that affect health, safety, or collection of substantial state revenues
- Immediate action was warranted to ensure integrity of university records

As authorized by the Code, the CPO promulgated rules that set standards addressing “quick purchase” emergency procurements. Quick purchases are allowed in the following circumstances:

- Protecting health and safety of any person
- Items available on the spot market or at discounted prices were available for a limited time such that sound business judgment mandated a purchase immediately to take advantage of the availability and price
- Rare items, such as articles of historical value or art collections, are available for a limited time
- The opportunity to obtain entertainment, speakers, and athletic and other events or performances (not exempt under Section 1-13 of the Code) is available for a limited time
- Immediate action is necessary to avoid lapsing or loss of federal or donated funds

It also stipulates that the term of the emergency purchase shall be limited to the time reasonably needed for a competitive procurement, not to exceed 90 calendar days. A contract may be extended beyond 90 calendar days only if the CPO determines additional time is necessary and that the contract scope and duration are limited to the emergency. Prior to execution of the extension, the CPO must hold a public hearing and provide written justification for all emergency contracts. Members of the public may present testimony.

The statute requires that public notice of each emergency award be provided to the Procurement Policy Board (PPB) and the Commission on Equity and Inclusion (CEI) within 5 calendar days of the award.

Notice of emergency procurements must be provided to the PPB and CEI and published in the online Bulletin no later than 7 calendar days after the extension is executed.

Although not subject to formal competition, the universities and IMSA must submit substantial justification to use the emergency process and work with the SPO to determine whether a need is appropriate for emergency purchase treatment. If we find in the affirmative, we provide notice to the PPB and CEI and publish it in the online electronic Bulletin no later than 5 calendar days after the contract is awarded. We also file statements with the PPB and the Auditor General within 10 calendar days after the procurement setting forth the amount expended, the name of the contractor involved, and the conditions and circumstances requiring the emergency procurement.

Emergency Purchases Statistical Overview – FY2023

Emergency Purchases – Started and Finalized in FY23

Procuring Institution	# Contracts	\$ Amount
Chicago State University	1	\$ 591,300.00
Southern Illinois University Carbondale	1	\$ 136,598.00
Southern Illinois University Edwardsville	1	\$ 114,110.00
University of Illinois Chicago	17	\$ 5,238,654.18
University of Illinois Urbana-Champaign	2	\$ 357,431.63
TOTAL:	22	\$ 6,438,093.81

Emergency Purchases – Awarded in FY23 but Not Yet Finalized

When the final cost of a contract is not yet known, the Code allows for emergency contracts to be entered into based on estimated costs. In such cases, the cost of an emergency contract may not be finalized until up to 90 days after award (or longer if the CPO certifies more time is required to meet the emergency need). The chart below reflects the quantity and dollar value of contracts that were awarded in FY23 but whose final cost has yet to be reported:

Procuring Institution	# Contracts	\$ Amount
Chicago State University	2	\$ 5,150,392.00
University of Illinois Chicago	15	\$ 13,269,398.00
University Office of Capital Programs & Real Estate Services	1	\$ 2,053,252.00
TOTAL:	18	\$ 20,473,042.00

Emergency Purchases Awarded in FY23 by Justification Type

Justification Type	# Contracts	\$ Amount
Prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues	1	\$ 2,337,100.00
Prevent any disruption in University services	16	\$ 15,615,284.16
The opportunity to obtain an entertainment performance was available for a limited time	1	\$ 150,000.00
Avoid the lapse or loss of federal or donated funds	1	\$ 289,000.00
Protect against further loss or damage to university property	10	\$ 4,157,552.45
Public health or safety was threatened	4	\$ 1,788,772.40
Items on spot market or at discounted prices available for limited time	7	\$ 2,573,426.80
TOTAL:	40	\$ 26,911,135.81

FY2023

Procurement Code Exemptions Report

Exempt Procurements – Background Information

This report provides a summary of all procurements exempt from the Illinois Procurement Code (Code) published in the Higher Education volume of the Illinois Procurement Bulletin (Bulletin) for the time period July 1, 2022 – June 30, 2023 (FY23) by the universities. There were 746 published exemptions valued at approximately \$528,360,368.18.

Sections 1-10 and 1-13 of the Code (30 ILCS 500) exempt certain categories of procurements from the requirements of the Code. However, to provide transparency, information about these contracts must be posted in the Bulletin.

The statistical data is generated based on contract information posted to the Bulletin by the universities. The Bulletin was originally designed in 1998 to display procurement notices and has limited ability to produce reports on spend. However, the information in this report is an accurate reflection of the exemptions that were posted to the Bulletin.

FY23 Exemptions Statistical Overview

FY23 Exemptions by Justification Type

Exemption Category	Number Transactions	Dollar Value	Average \$ Per Transaction	% of Total Transactions
Membership in professional, academic, research, or athletic organizations (30 ILCS 500/1-13(b)(1))	17	\$ 6,494,780.68	\$ 382,045.92	2.28%
Events or activities paid for exclusively by revenues generated by the event or activity, gifts, or donations for the event or activity, private grants, or any combination thereof (30 ILCS 500/1-13(b)(2))	75	\$ 56,811,054.36	\$ 757,480.72	10.05%
Use of specific potential contractors is mandated or identified by the sponsor of the event or activity (30 ILCS 500/1-13(b)(3))	8	\$ 6,037,090.00	\$ 754,636.25	1.07%
Athletic, artistic or musical services, performances, events, or productions (30 ILCS 500/1-13(b)(4))	83	\$ 6,551,566.10	\$ 78,934.53	11.13%
Periodicals, books, subscriptions, database licenses, and other publications procured for use by a university library or academic department (30 ILCS 500/1-13(b)(5))	74	\$ 25,638,503.12	\$ 346,466.26	9.92%
Medical supplies or medical at a university-operated health care center or dispensary that provides care, treatment, and medications for students, faculty and staff (30 ILCS 500/1-13(b-5))	27	\$ 21,161,765.80	\$ 783,769.10	3.62%
Medical supplies or medical services necessary for the delivery of care and treatment at medical, dental, or veterinary teaching facilities (30 ILCS 500/1-13(b-5))	239	\$340,252,847.58	\$1,423,652.08	32.04%
Placement of students in externships, practicums, field experiences, and for medical residencies and rotations (30 ILCS 500/1-13(b)(6))	9	\$ 848,000.00	\$ 94,222.22	1.21%
Programming and broadcast license rights for university-operated radio and television stations (30 ILCS 500/1-13(b)(7))	4	\$ 1,461,000.00	\$ 365,250.00	0.54%
Performing sponsored research and other sponsored activities under grants and contracts funded by the sponsor or by sources other than State appropriations (30 ILCS 500/1-13(b)(8))	144	\$ 35,599,549.44	\$ 247,219.09	19.30%
Contracts with a foreign entity for research or educational activities (30 ILCS 500 / 1-13(b)(9))	13	\$ 1,176,000.00	\$ 90,461.54	1.74%
Expenditure for procurements made by or on behalf of the University of IL for investment services (30 ILCS 500/1-13(b-10))	14	\$ 3,445,000.00	\$ 246,071.43	1.88%
Expenditures for any ongoing software license, or maintenance agreement or competitively solicited software purchase when the software, license, or maintenance agreement is available through only the software creator or its manufacturer and not a reseller (30 ILCS 500/1-13 (b)(10))	15	\$ 8,118,857.06	\$ 541,257.14	2.01%

Procurement expenditures incurred outside of the United States for the recruitment of international students. (30 ILCS 500/1-13 (b) (11))	1	\$ 1,000,000.00	\$ 1,000,000.00	0.13%
Procurement expenditures for contracts between the State and governments (30 ILCS 500/1-10 (b)(1))	1	\$ 225,000.00	\$ 225,000.00	0.13%
Procurement expenditures for hiring an individual as an employee by contract directly with the individual. (30 ILCS 500/1-10 (b)(4))	1	\$ 200,000.00	\$ 200,000.00	0.13%
Procurement expenditure is for a real estate property purchase valued over \$25,000. (30 ILCS 500/1-10(b)(6))	1	\$ 101,223.04	\$ 101,223.04	0.13%
Expenditure for anticipated litigation, enforcement actions, or investigations. (30 ILCS 500/1-10(b)(7))	19	\$ 11,905,006.00	\$ 626,579.26	2.55%
Expenditure is for specialized space available at only one location. (30 ILCS 500/40-5/30 ILCS 500/40-15(b)(4))	1	\$ 1,333,125.00	\$1,133,125.00	0.13%

Small Business Summary

Sections 45-45, 45-57 and 45-90 of the Illinois Procurement Code require reporting of certain information regarding contracts with small businesses. The following is the summary for the FY23 data detailed later in this report:

Total Contracts to All Businesses	202,936
Total Contracts to Certified Small Businesses	3,748
Total Available Dollars Subject to Goal	\$1,766,023,889.25
Goal to Award to Small Businesses (10% of total)	\$176,602,388.92
Value of Awards to Certified Small Businesses	\$37,256,638.25
% Value of Contracts Awarded to Small Businesses to the	2.11%
Total Available Dollars Subject to the Goal	
Average Value of Contracts Awarded to Small Businesses	\$13,903.79

Background Information

Section 45-90 of the Illinois Procurement Code (30 ILCS 500/45-90) (Code) sets a goal that not less than 10% of the value of all contracts be awarded to small businesses. The CPO is responsible for reviewing and approving university small business compliance plans, monitoring university progress, and reporting on their outcomes.

The public universities each use their own internal resources, along with the shared database of certified small businesses, to determine the number of small businesses that received contracts and the value of those contracts. Each university maintains their own separate contract and accounting systems and each collects data and extracts that data from their systems differently. With no central or uniform system of data collection and extraction, it is a challenge to obtain and accurately report this information. Consequently, the overall results do not show a true reflection of the level of contracting with certified small businesses by the State universities. It is important to note that this report shows only contracting activity with firms certified in the Small Business database.

FY23 Small Businesses Spend – Statistical Overview

All information within this report is self-reported by the public universities to the CPO. For FY23, one of the ten universities failed to report their small business usage. In the table below, “Southern Illinois University” includes spend by SIU Carbondale, SIU Edwardsville, and SIU School of Medicine campuses. Similarly, “University of Illinois” includes spend by the University of Illinois campuses at Urbana-Champaign, Chicago, and Springfield.

FY23 University and IMSA Spend with Small Businesses

Institution	Total Available Dollars Subject to Goal	Value of Contracts Awarded to Small Businesses	% Value of Contracts Awarded to Small Businesses to the Total Available Dollars Subject to the Goal	# of Contracts to Small Businesses	Average Contract Value to Small Businesses	TOTAL Contracts

Other Small Business Reporting Requirements

Small Businesses

The CPO-HE encourages universities to utilize small businesses whenever possible and the universities do contract with many small business vendors. In recognition of the policy of the State to promote the use of small businesses, we will be providing a larger focus on small business matters and have added language to proposed rules to ensure competition among small businesses. We are also looking into implementing set-asides as a way to increase utilization of small businesses. SPOs attend outreach events whenever possible and talk to small businesses, BEP, and Veteran-owned businesses about the benefits of doing business with the universities. They also help vendors learn about the various registration processes as well as the procurement process.

Veteran Owned & Service-Disabled Veteran Owned Small Businesses

It is the goal of the State to promote contracting with qualified veteran-owned small businesses (VOSB) and service-disabled veteran-owned small businesses (SDVOSB). Not less than 3% of the total dollar amount of State contracts is established as a goal to be awarded to VOSB and SDVOSB. However, with such a small pool of certified veteran-owned businesses, it is difficult to meet this goal. The universities attempt to contract with these businesses whenever possible. They also hold and attend outreach events to assist in widening the pool. The data shown below is self-reported by the universities, similar to the reporting of other small business contracts.

SOLE SOURCE

Procurements Report

Fiscal Year 2023

August 1, 2023

Chief Procurement Office for Public
Institutions of Higher Education
State of Illinois

EXECUTIVE SUMMARY

The CPO for Higher Education (CPO-HE) works with the State's public universities and the Illinois Math and Science Academy (IMSA) to meet their procurement needs free of undue influence through independent authority, oversight and approval. The CPO-HE further works with the universities and IMSA to continually improve procurement policies and to establish best practices that recognize the specific needs of the universities.

The Illinois Procurement Code (30 ILCS 500/20-25) requires that each Chief Procurement Officer issue a report on sole source contracts on a fiscal year basis. This report is for FY23 (July 1, 2022 – June 30, 2023) and is provided to the Governor, General Assembly, and published to the Chief Procurement Officer's website.

Most of the approximately \$10 billion in procurements conducted by the agencies and universities go through one of the competitive methods of source selection. However, the Code does allow contracting without formal competition when there is only one, or only one economically feasible, source for the needed supply or service. The universities are required to submit substantial justification and work with the State Purchasing Officer to determine whether a particular need is appropriate for sole source treatment. If approved for this method, the Chief Procurement Office provides a 14-day public notice of intent to contract on a sole source basis and an opportunity for any interested party to request a public hearing. This process allows any vendor to dispute the sole source declaration and provide evidence to that effect. Any member of the public may also request a hearing to voice concerns with the intent.
